

# ASTA

The idea behind the design was the mix of materials and the shapes. The stainless steel frame has all the refinement of an indoor, anodised surface but with the practicality and soft touch of a powder coated surface. This, combined with the gently curved backrest, gives the chair a striking yet very welcoming look.

Die Idee hinter dem Design war ein Mix aus Materialien und Formen. Der Edelstahlrahmen ist ebenso fein gearbeitet wie eine eloxierte Oberfläche für den Innenbereich, aber mit der Funktionalität und weichen Haptik einer Pulverbeschichtung. In Kombination mit einer sanft gebogenen Rückenlehne vermittelt der Stuhl einen edlen und zugleich einladenden Look.

L'idée qui sous-tend ce design est le mélange des matériaux et des formes. Le cadre en acier inoxydable possède tout le raffinement d'une surface d'intérieur anodisée, mais offre la commodité et la douceur d'un revêtement poudré, ce qui, associé au dossier délicatement incurvé, donne à la chaise un aspect remarquable mais accueillant.

La idea que inspiró este diseño fue la combinación de materiales y formas. El bastidor de acero inoxidable posee todo el refinamiento de una superficie anodizada de interior, pero con la funcionalidad y suavidad de una superficie recubierta con pintura en polvo. Esto, unido al respaldo suavemente curvado, proporciona a la silla un aspecto sorprendente al tiempo que muy acogedor.

L'idea alla base del design era il mix dei materiali e le forme. La struttura in acciaio inossidabile ha tutta la raffinatezza di una superficie anodizzata per interni, ma con la praticità e la morbida sensazione di una superficie verniciata a polvere. Questa, combinata con lo schienale delicatamente curvo, dà alla sedia un aspetto sensazionale, ma allo stesso tempo accogliente.
